Dinosaur Discoverer

Greg Browne speaks at
Aquarium **Wednesday**
5 November
7.30pm

Dinosaur Footprints is now on display at the National Aquarium until 11 January 2015. Join us on 5 November at 7.30pm to hear GNS Science Geologist Greg Browne uncover his fascinating discovery of the first dinosaur footprints to be found in New Zealand. Find out which way the dinosaurs were heading and how the footprints have been preserved.

Entry is by gold coin donation at the National Aquarium of New Zealand. No bookings required.
